

# GUIDANCE NOTE

## AND RESPONSE FORM

to accompany the Vale of Aylesbury Local Plan

Proposed Main Modifications Consultation (2019)

**Please read these guidance notes before completing your response**

### Introduction

The Vale of Aylesbury Local Plan (VALP) was submitted for examination in February 2018. The examination process is being carried out by an independent planning inspector, Paul Clark BA MA MRTPI, to determine whether the Local Plan is 'sound' and has complied with the necessary legal requirements. Following the examination hearings in July 2018, the plan has reached the next key stage in the process. The Inspector has now asked that consultation be carried out on the Proposed Main Modifications to the VALP, which have been identified by the Inspector in order to make the VALP a 'sound' plan which can be adopted. This consultation is also an opportunity to say if the Council has produced a modified plan that is legally compliant. The Proposed Main Modifications document is accompanied by a Sustainability Appraisal Addendum and Habitats Regulations Assessment as well other supporting documents. These can all be viewed on our website: <https://www.aylesburyvaledc.gov.uk/valp-main-modifications-consultation> or viewed in hard copy at the places listed within our [Statement of Availability](#).

Consultation on the Proposed Main Modifications will run from 12pm Tuesday 5 November until 5.15pm Tuesday 17 December 2019. We would encourage consultees to make their representations via our online consultation platform, found at: <https://aylesburyvaledc.jdi-consult.net/localplan/> as this will enable the council to deal with your representations in a more efficient way. This will assist the examination process by allowing the comments to be sent to the Inspector and publicised in a more timely manner after the consultation.

Responses should be limited to the Proposed Main Modifications, the Sustainability Appraisal Addendum of the Proposed Main Modifications and the updated Habitats Regulations

Assessment. If you have a comment on the additional evidence produced to support this stage of the plan it should be made against the main modification it relates to. You should not repeat or re-submit your previous representations or raise new issues on parts of the plan that haven't changed. Following completion of the consultation period the Council will prepare a response to the representations for the Inspector. The Inspector will then consider the representations and the Council's response and decide whether any further hearings are necessary or any issues need to be revisited. At the end of the examination process the Inspector will present his final conclusions in a final, binding report. If the plan is found legally compliant and 'sound' with any necessary modifications, it will then be adopted by the council.

If you require a hard copy version of the response form, need assistance in completing your representation, or have any other questions then please contact the Planning Policy Team by email at [localplanconsult@aylesburyvaledc.gov.uk](mailto:localplanconsult@aylesburyvaledc.gov.uk) or by phone on 01296 585308.

## Part A: Personal Details

Please note that it is not possible for representations to be considered anonymously. Representations will be published on the consultation website and sent to the Inspector but address and contact details will be removed from published responses. **By making a representation you are agreeing to your name and comments being published.**

The council reserves the right not to publish or take into account any representations which it considers offensive or defamatory. The council will be publishing representations after the consultation closes. When submitting hard copy or email responses please supply an email address where possible, as this will allow us to contact you electronically. Everyone who submits a representation will be added to the relevant consultation database (if not already included) so that we can keep you up to date with the Plan. If you do **not** wish to be contacted in this way, please state this clearly on the form or opt out on the online portal.

If an agent or consultant has been engaged to act on your behalf, please fill in both sets of details in full when registering online or on your form. Correspondence will be sent to the agent.

## Part B: Representation

The council is inviting comments on whether the Main Modifications are legally compliant and sound. Comments should only be made on the Proposed Main Modifications published for comment or the accompanying a Sustainability Appraisal Addendum and Habitats Regulations Assessment. Please give details to explain why you support or object to the wording of the Modification or part of the accompanying a Sustainability Appraisal Addendum and Habitats Regulations Assessment. The Inspector is not inviting further comments on issues not covered by the Proposed Main Modifications.

For those using the online consultation portal, the website has a help page which details how to make and view representations through the system. Please note that representations will only be publicly visible once they have been published by the council.

The council has also published a track changes version of the submission Local Plan (The Vale of Aylesbury Plan as Proposed to be Modified). This has been published for information only, and does not form part of the consultation. In addition to the proposed Main Modifications the council has identified further amendments it considers necessary to improve the clarity of the Plan. These amendments are known as 'Additional Modifications', and are set out in the track changes Plan. They include the correction of typos and updates to factual information. These Additional Modifications are not considered to affect the soundness of the Plan and do not form part of this consultation. Any representations made about the Additional Modifications will not be sent to the Inspector for consideration.

## Legal Compliance

The inspector has assessed whether the Plan meets the legal requirements under section 20(5) of the Planning and Compulsory Purchase Act 2004 (as amended), which includes whether the council has complied with the Duty to Co-operate when preparing the VALP. In relation to the current consultation, comments regarding legal compliance should only be submitted where they relate to the Proposed Main Modifications.

You should consider the following before making a representation on legal compliance:

- The Plan should be included in the current Local Development Scheme (LDS) and the key stages should have been followed.
- The process of community involvement should be in general accordance with the Statement of Community Involvement (SCI).
- The Plan should comply with the Town and County Planning (Local Planning) (England) Regulations 2012 (the Regulations).
- The local planning authority must provide a Sustainability Appraisal Report. This should identify the process by which it has been carried out, baseline information used to inform the process and the outcomes of that process.

## Soundness

Local Plans are required to be assessed against the tests of Soundness. The appointed Inspector has to be satisfied that the Plan is positively prepared, justified, effective and consistent with national policy in accordance with section 20 of the Planning and Compulsory Purchase Act 2004 (as amended). If you are objecting to a Proposed Main Modification, the response forms asks you to identify which of the below tests of the soundness you consider the modifications fails to address to aid the inspector. Soundness is explained in National Planning Policy Framework (NPPF 2012) paragraph 182.

**Positively prepared** - This means that the Plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development.

**Justified** - The Plan should be the most appropriate strategy when considered against reasonable alternatives, based on a proportionate, robust and credible evidence base.

**Effective** - The Plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities, sound infrastructure delivery planning, and should not infringe on regulatory or national planning barriers. It should be flexible to changing circumstances.

**Consistent with national policy** - The Plan should be consistent with national policy. Any departure from this must be clearly justified.

## General Guidance

Where there are groups who share a common view on how they wish to see the Plan modified, it would be very helpful for that group to send a **single** representation which represents the view. In such cases the group should indicate how many people it is representing.

Please remember that where a representation is **over 100 words** you are required to include a **summary in under 100 words** of its main points in the box provided, which will be published alongside your full representation. Where a summary has not been provided by a respondent,

**one will be produced by a planning officer** to outline the key representation issues as a point of reference for the Inspector and any other interested parties.

Care will be taken to ensure the summaries reflect the representations and it is important to note that the full text of all representations and any attachments will still be sent verbatim to the Inspector. The summary will therefore not impact on how the Inspector views your representation.

### **Representations can be made:**

- via the council's online consultation portal: <https://aylesburyvaledc.jdi-consult.net/localplan/>
- via the representation form which can be downloaded from the website and returned
  - via email to: [localplanconsult@aylesburyvaledc.gov.uk](mailto:localplanconsult@aylesburyvaledc.gov.uk)
  - or by post to: **Planning Policy, Aylesbury Vale District Council, The Gateway, Gatehouse Road, Aylesbury, Bucks, HP19 8FF**

Whilst the small changes to the policy S2 are welcome, they do not go far enough and do not address the Inspector's criticism that the plan does not reflect the advice that "To be sound, VALP should make contingency plans to accommodate them, not simply abandon its function to a future review of uncertain timescale". Whilst the references to an early review have been dropped the plan has not been sufficiently modified with a contingency plan to deal with Cam-MK-Ox growth arc consistent with MHLG proposals for a million new homes by 2050.

The Inspector accepted that it may not be possible for the Council to identify new settlements (which would account for less than half of the homes required to support the Cam-MK-Ox arc's future workforce) and these may be left to a future review of the plan, however, this does not recognise the ability of delivery at pace to serve the strategic needs of the arc in the near future. An additional 1150 dwellings allocation is simply not sufficient recognition of the strategic role of the area. This makes the new policy D2 **unsound** as it is not consistent with National Policy.

The strategic growth of Cam-MK-Ox arc's is totally underplayed in the plan describing it as "a site adjacent to Milton Keynes."

In terms of NPPF 47 the Council could:

"where possible, identify a supply of specific, developable sites or broad locations for growth for years 6-10"

The Council have simply failed to provide a proper contingency plan for the Cam-MK-Ox growth arc during the life of the plan to 2033. The opportunity to show the wider area of growth that supports AVDC's aspirations has been lost and with it the opportunity to influence the growth arc in a positive way. **The plan is therefore not positively prepared.**

**If your representation is more than 100 words, please provide a summary under 100 words here:**

The new policy D2 must be much less apologetic and cursory about the development proposal to expand MK within AVDC as part of the plan. The plan must embrace the start of the Oxford to Cambridge Growth Arc agreed ambitions of MHLG and the local partners (March 2019). The plan must recognise the primacy of MK in the settlement hierarchy and not limit the ambitions of the growth arc for the life of this plan given the aspiration to achieve an additional million homes by 2050.

**Please specify the changes you think are needed to be made to the proposed main modification. It will be helpful if you are able to put forward your suggested revised wording of any policy or text.**

Additional text shown in Blue – ~~text to be removed shown strikethrough~~  
Revise as follows -add this to policy rather than in preamble:

The Local Plan also allocate sites for growth within Aylesbury Vale at the edge as part of the start of the planned growth of Milton Keynes namely north east Aylesbury Vale and this area forms its own category in the settlement hierarchy in the Oxford to Cambridge growth arc recognising the primacy of Milton Keynes as a city region. The development allocations recognise the ability for early delivery of development that supports the Oxford-Milton Keynes – Cambridge Arc emerging from the revised strategic spatial strategy and government growth agenda to achieve 1 million homes by 2050. The same appraisal process detailed above has been followed to select these sites and Consideration will also be given to development beyond the allocations that would assist Milton Keynes’ capacity to accommodate further growth consistent with the Oxford-Milton Keynes – Cambridge Arc proposals. Any proposal that would seriously prejudice or jeopardise the longer-term objectives of the Oxford-Milton Keynes – Cambridge Arc will not be supported.

**If the inspector decides further hearing sessions are needed would you wish to speak at these?**

Yes  No

**If Yes - you wish to speak at any further hearings, please outline why you consider this to be necessary:**

We wish to reserve the right to speak as the objector has significant land interest in the proximity of the allocated sites

**Do you wish to be notified...**

- When the Inspector’s report is published?
- When the Vale of Aylesbury Local Plan is adopted?

**Vale of Aylesbury Local Plan: Responses should be returned to Aylesbury Vale District Council by 5.15pm Tuesday 17 December 2019**  
(responses will not be accepted after this time)

### What information will we collect about you:

- Name and address
- Contact details
- Job title/organisation (where relevant)
- Your comments/representations

### Why are we using your information?

We are asking for your information so that we can support the local planning process and creation of the Local Plan, including within the independent examination process. As a Local Planning Authority, the law requires us to carry out consultations for this purpose.

We can use your information because you have given us your permission to use it and we need to comply with the law. You may have rights to stop us using your information depending upon the stage of the local plan and the applicable legislation. If you want to check or stop us using your information you should email [localplanconsult@aylesburyvaledc.gov.uk](mailto:localplanconsult@aylesburyvaledc.gov.uk) and quote 'Vale of Aylesbury Local Plan consultations'.

If you do not give us your information or you stop us using your information (where possible) your comments or representation may not be taken into account within the local planning process and we may not be able to contact you with any follow up information on the plan's development, including the outcome of the independent examination.

Your information will normally be retained for the length of the plan period or until the plan is no longer in effect.

Your information is only used for the reasons above but if we need to use it for any other reason we will normally tell you.

### We may share your information with:

JDi Solutions who operate our online local plan consultation system for us. Your information is held in their system as result of representations you make, but only your name is published in relation to your representation. Importantly JDi Solutions are not permitted to do anything with your information other than provide it to us for our lawful use in relation to the preparation of the Local Plan

Once the consultation closes we are required by Regulations to share all valid and existing comments/representations with the independent Planning Inspector appointed by government to AVDC to undertake the examination. If the Inspector wishes to invite you to answer any follow up questions in response to your representation or invite you to attend any further public hearing for the purposes of the examination, we will share your contact information with the Inspector, via our appointed external Programme Officer, so he can contact you about the local plan.

**Please note that your name, organisation, system ID and representation will be made publically available. However your contact information will not be published in the report of representations and will be redacted if it appears in the body of your representation.**

### Automated Decision Making

We will not carry out any automated decision making. All decisions are made by a living person.
